Otak, Inc. Appoints Nine New Associates

PORTLAND, Oregon – August 31, 2012—[Otak, Inc.](#), an international award-winning engineering, urban design, architecture and planning firm, is pleased to announce the elevation of nine professionals to Associate status within Otak.

Keith Buisman, PE, is a civil engineer working out of Otak's office in Lake Oswego, Oregon. In his nine years of engineering experience, Mr. Buisman has worked on a variety of master planned residential communities, mixed-use and multifamily projects, as well as transportation and utility infrastructure planning projects in the United States and abroad.

Ian Fabik, PE, is a project engineer working out of Otak's office in Lake Oswego, Oregon. Mr. Fabik has nine years of engineering experience with emphasis on design and preparation of final construction documents for public transportation projects throughout Oregon.

Sadie Reiter is an engineering technician working out of Otak's office in Lake Oswego, Oregon. She has over 20 years of experience and is responsible for CAD management and preparation of construction documents within Otak's transportation team.

Will Lawrence, PLS, is a professional land surveyor working out of Otak's office in Gearhart, Oregon. He provides field survey and technical support and has worked on several projects in Oregon and Southwest Washington.

Mark Shelby, PLA, ASLA, is a landscape architect and urban designer working out of Otak's office in Kirkland, Washington. He has more than 20 years of experience on a wide range of projects including streetscape design, multifamily housing, park and recreational design, senior housing, master planning, hotel and resort planning, commercial development, public art integration, community outreach, construction administration, and construction observation.

Windi Shapley, PE, is a project engineer working out of Otak's office in Kirkland, Washington. Her 12 years of experience includes design and preparation of final construction documents, public involvement, agency coordination and permitting, utility coordination, and project management of capital improvement projects for local municipalities and transit.

Jack Seeds, PLS, is a project surveyor working out of Otak's office in Kirkland, Washington. He has more than 18 years of experience in land surveying and has worked as a surveyor on many projects throughout the state of Washington.

Alejandra Gonzales, PQP-PVRS, PBRS, is an architect working out of Otak's office in Abu Dhabi, United Arab Emirates. She has nine years of experience in architectural design, construction documentation and project management on a variety of projects.

Niko Vujevic is an urban planner working out of Otak's office in Abu Dhabi, United Arab Emirates. He has seven years of experience in planning and over four years in managerial positions. His recent experience includes several large-scale master planning projects.

"I am both pleased and proud that Otak's current Principals have recognized these nine very talented individuals for their excellent work on behalf of our clients," commented R. Nicholas Loope, FAIA, Otak's president and CEO. "These dedicated professionals have been and will continue to be key to Otak's growth and success."
